

ABOUT COLLEGE

Seven Hills College of Pharmacy (SHCP) was established in 2007 as a premier institution dedicated exclusively to pharmacy education by the Global Vision Educational & Welfare Society (Regd. No.: 296/2005), a non-profit organization registered under the Societies Registration Act with the Registrar of Societies, Balaji's Registration District. The college was meticulously founded and nurtured by its visionary leaders, Shri M. Venkatrama Raju and Dr. M. Niranjana Babu, both highly esteemed educationists. Currently, SHCP offers B. Pharmacy, M. Pharmacy (with specializations in Pharmaceutics, Pharmaceutical Analysis, and Pharmacology), Pharm.D, and Ph.D. in Pharmaceutical Sciences. It serves as a comprehensive hub for higher education and research in pharmacy. The institution has been conferred autonomous status by the University Grants Commission (UGC), New Delhi, and JNTU Anantapur, Ananthapuramu, for a tenure of ten years (2020-21 to 2029-30). Additionally, SHCP has earned NAAC accreditation with an 'A' grade, recognition under UGC 2(f) and 12(B) of the UGC Act, 1956, and a NIRF ranking within the 102-125 band in the Indian Rankings 2022. The college was also ranked 50th in the Swachh Campus rankings by the Ministry of Human Resource Development (MHRD), Government of India, and is a recognized Research Centre for Pharmaceutical Sciences under JNTUA, Ananthapuramu.

ABOUT THE CONFERENCE

This National Conference aims to provide a platform for researchers, academicians, industry professionals, and regulatory experts to explore the latest advancements and challenges in global clinical trials. With the evolving regulatory frameworks, innovative trial designs, and ethical considerations shaping the future of drug development, this event will foster discussions on cutting-edge trends and opportunities in clinical research. The conference will feature expert talks covering key aspects such as adaptive trial designs, digital health technologies, patient-centric approaches, and the role of artificial intelligence in clinical trials. Participants will gain insights into the complexities of multi-regional clinical trials, regulatory harmonization, and emerging strategies for accelerating drug approvals while ensuring patient safety and data integrity.

OBJECTIVES OF THE CONFERENCE

1. To discuss recent advancements in clinical trial methodologies and regulatory landscapes.
2. To address key challenges in global clinical research, including ethical considerations and patient recruitment.
3. To explore innovative approaches, including AI-driven clinical trials and decentralized trial models.
4. To encourage young researchers and scholars to contribute to the field of clinical research.

PROGRAMME OUTCOMES

1. Enhanced understanding of modern clinical trial approaches and regulatory compliance.
2. Insights into overcoming operational and ethical challenges in clinical research.
3. Strengthening industry-academia collaborations for innovative drug development.
4. Encouragement for budding researchers to engage in high-impact clinical studies.
5. Networking opportunities with experts in clinical trial design and execution.
